

R.O. GERMAN, SECRETARY OF
ALBERTA WHEAT POOL AD-
DRESSED MACLEOD AUDI-
ENCE

Between 50 and 60 farmers were present in the town hall Saturday night to hear R. O. German, secretary of the Alberta Wheat pool, tell what the wheat pool is doing in Alberta. The meeting was a very good one, considering that only two days notice had been given. W. H. Shield, M.L.A., occupied the chair and introduced Mr. German.

Mr. German in opening his address spoke of the reason for the wheat pool, stating that it is in existence to regain for the wheat growers their bargaining power in the markets of the world. Individually, the producer has no voice in the market place of the world where his product is sold. The result has been that agriculture—the foundation of our national wealth—has been losing ground. Its loose system of selling has been proved ineffectual in the face of close organization by other occupations. The wheat pool is the farmers answer to the problem. By its means agriculture intends to have a voice in stipulating the selling price of its product.

Use Chart

Mr. German displayed a chart showing the total deliveries of wheat in Canada, and in explaining same gave a vivid description of selling the wheat in the years 1920, 1923, and in 1923 the year the wheat pool started. But more particularly from the time the central selling agency for the three western pools started in 1925. By virtue of the fact that the central selling agency, was putting it on the market as the market required the wheat pool, co-operating with the central agency, to keep the price up. He stated that the central selling agency had selling agents now in a number of wheat buying countries, that last year 75 per cent. of the wheat milled in France was pool wheat. He told how the majority of millers believed in the pool, because they could buy their supply when they wanted it at a uniform price, and did not require to buy large quantities and store it until they needed it.

Street Wheat

Mr. German gave some very striking figures on the "wide spreads on street wheat." He stated that the grain trade is compelling the non-pool farmers to pay for the expensive campaign being conducted against the pool, that non-pool farmers are contributing to the grain trade in "spreads" on street grain nearly three times the amount that wheat pool members are required to pay; that on street wheat non-pool farmers, according to a recent buying list, pay the grain trade an average spread of from 15 to 14 cents a bushel, and that if a line elevator receives in one day 2,000 bushels of non-pool wheat the gross elevator profit is around \$265. If the same elevator receives 2,000 bushels of pool wheat in one day, the gross amount of profit to that elevator is \$90. The non-poolers have thus to

pay nearly three times as much as pool members on street wheat charges. In view of the above figures the line elevators can well afford to pay a higher grade where they enter into competition with pool elevators and are desirous of discrediting the pool.

Not After Dividends

Mr. German explained very fully, that the wheat pool is not organized on a dividend paying basis. Aside from the deductions for building elevators, the deduction for Commercial reserve, and the cost of administration, all the money received is turned back to the wheat producer. The pool is organized for the single purpose of selling wheat to the best advantage in the markets of the world, and returning every cent possible to the producer. Mr. German told of the large number of contracts that are literally pouring into the office at Calgary, last month, December, being a record with 400 contracts.

Mr. German spoke for over an hour and a half, and the audience listened with rapt attention from beginning to end of his address. At the close a number of questions were asked, and an interesting discussion took place.

A. Lindley, assistant manager of the South Alberta Co-operative Association was present, and gave a short outline of the work of the association telling of the wonderful success of the operations during the past year. He briefly told of the various pools that are now operating under the association and urged the farmers present to take advantage of the facilities offered by the association.

The meeting closed with a vote of thanks to Mr. German for his most interesting and instructive address.

CHRIST CHURCH W.A. CARD
PARTY AND DANCE WAS EN-
JOYABLE AFFAIR

A very enjoyable card party and dance was given in the parish hall Friday evening of last week by the W.A. of Christ church. There were 25 tables of progressive whist, and the hall was filled to capacity for the dance, the music for the dance being supplied by Mr. and Mrs. Cutler and W. J. Ryan. The lucky prize winners at the cards were: Ladies' first, Mrs. Walter Brooks; Ladies' consolation, Miss Jean Ringland; gentlemen's first, E. H. Oliver; gentlemen's consolation, M. McKenzie. Dainty refreshments were served during the evening and at the close of the dancing, everyone declared they had spent a delightful evening. The finances of the Aid were considerably augmented from the proceeds of the entertainment.

ST. ANDREW'S PRESBYTERIAN
CHURCH

Rev. A. C. Wishart, minister.
Sunday—Feb. 6th, 1927.
11 a.m.—"The Founding of the Christian Church."
7:30 p.m.—"The Sure Foundation."

The Sunday School, the Young Men's Bible Class, and the Young Men's Bible Class will meet at the close of the morning service.
The W.M.S. meets on Tuesday afternoon at 4 o'clock at Mrs. Struthers.

Prayer meeting Wednesday evening at 8 o'clock.

C.G.I.T. girls under the leadership of Mrs. F. Morris will meet in the church on Thursday evening at 7:30 o'clock.

Choir practice Friday evening at 7 and 8 o'clock.
A cordial welcome to the services especially to those who have no church home.

Correct this sentence: "And when we're married," said she, "we'll always be as polite to one another as we are now."

FEBRUARY ROD AND GUN

While Jack Miner is well known for his interest in the breeding and conservation of wild fowl, comparatively few know of a remarkable farm almost in the suburbs of Toronto where all varieties of wild geese and other water fowl are being bred. This interesting place forms the subject of one of the articles in the newly published February issue of Rod and Gun and Canadian Silver Fox News, in which George Hobden Corson R. tells how he raises the wild geese on his farm at Islington. The article is well illustrated.

The contents of the issue include many fine stories of hunting and fishing. The regular departments relating to angling, guns and ammunition and the outdoors, contains a great deal of good information on their particular subjects.

Within the cover of this issue, is included Number 2 of Canadian Silver Fox News which justifies the promise shown in the first appearance. Some important phases of fox farming are dealt with in the many articles.

Rod and Gun and Canadian Silver Fox News is published monthly by W. J. Taylor Limited, Woodstock, Ontario.

R. A. MacPherson, Pool Director for North Calgary, has been appointed representative on the Central Selling Agency of the Pools.

Pherson, resigned. The Alberta Pool has three representatives on the Central Agency, namely, H. W. Wood, C. Jensen, and R. A. MacPherson.

BRITISH TROOPS MAY NOT
LAND, SHANGHAI; OTHER
POWERS OBJECT

Shanghai, Feb. 2.—British authorities preparing accommodations here for expeditionary forces in the present trouble today encountered difficulty when they were reminded that the Shanghai foreign settlement is international in character and not purely British.

It was understood that this development led to considering the advisability of diverting portions of the expeditionary force to Hongkong and Wei-hai-wei, British settlement, 400 miles north of here, where they would be held in readiness.

Barracks for approximately 3000 men had been practically completed at Jessefield park here when construction work suddenly was ordered stopped.

It was learned that the camp will not be used for the purpose which the British intended.

Jessefield Park is outside the international settlement and in Chinese territory, but is owned by the settlement municipality.

Opposition to Camp

It was understood that the change in British plans was due to opposition from non-British members of the Shanghai municipal council, which supervises the foreign settlement. There also was a meeting of the Chinese chamber of commerce at which opposition was voiced to the use of any Chinese territory of the expeditionary forces.

The presence of a representative of Marshal Sun Chuan Fang, northern sympathizer defending Shanghai against the Cantonese at the chamber of commerce meeting was taken as a sign that this war lord will refuse the aid of the British forces, or that at least he will take a stand similar to both the northern and Cantonese governments, which have protested against the presence of British troops.

Preparations now are being made to quarter troops in warehouses, on docks and other premises which are British owned.

MANY CASUALTIES IN WAKE
OF GREAT GALE IN BRITAIN

London, Jan. 29.—From the south of England to the northern tip of Scotland, cities and open spaces alike have been damaged by a great rain and wind storm which began yesterday and was still in progress this morning. Twenty persons were killed and hundreds injured. The property damage will be extensive. Scotland was the hardest hit. Nineteen deaths and hundreds injured was the toll of casualties, according to latest reports, nine of the deaths and 300 injured being reported from Glasgow.

Houses which had withstood storms for many years collapsed, tram cars were overturned and the lives of the pedestrians were endangered by all sorts of wreckage hurled through the air by the gale.

The storm swept over Ireland early Friday morning, doing considerable damage in Dublin where scores of persons were treated for injuries. Numerous chimneys were blown down, including one at the Orthopedic hospital, which crashed into a ward, fortunately unoccupied.

Many fine old trees were uprooted in Phoenix Park. It is expected when wires are restored, Ireland will have further disastrous news to report. Steamers from Ireland told of rough crossings, during which the vessels were constantly in danger.

London Undamaged
Although London was kept awake throughout the night by the sound of breaking glass and cracking signs, the rain coming down in torrents all the while, no serious damage in the city has been reported.

From the other places throughout the path of the storm, widespread destruction is reported.

The firemen at Glasgow, who were called upon to rescue the pined down by debris, were instrumental in saving many lives. One fireman, searching among fallen beams, found a baby, about nine months old, strapped to its carriage.

MACLEOD ELEVATOR IS BURN-
ED TO THE GROUND

The Midland Grain Company's elevator and 20,000 bushels of stored grain were destroyed by fire at an early hour this (Thursday) morning. The loss, estimated at \$30,000, is thought to be fully covered by insurance. Randall, Gee and McNeill are the owners of the Midland elevator.

When the alarm was sounded shortly after 3 o'clock the interior of the elevator was already a roaring mass of fire, rendering efforts by the municipal fire brigade futile. The firemen, therefore, centred their efforts on adjoining residences and warehouses as sparks were flying before a stiff wind for four or five hundred yards, threatening to spread the fire. By concentrating on these buildings the blaze was confined to the Midland property.

Frank Butler, elevator agent, was driven back by smoke and flames when he attempted to reach the interior of the office to rescue books

and papers. These, along with the equipment in the elevator and engine house, were all lost.

The scene of the fire is a smoking pile of debris and spoiled grain. Much damage to the wheat was done by the fire, although a considerable amount will be salvaged, it is expected.

CHRIST CHURCH (ANGLICAN)

Feb. 6.—5th Sunday after Epiphany.

Divine service as follows:—

8:00 a.m.—Holy Communion.

11:00 a.m.—"The Holy Communion and Sermon."

PA POTTER EARNS MONEY FOR
AUTHOR J. P. McEVY
REALIZES "FORTUNE" ON
COMIC CHARACTER STRIP

The amusing character of brown-haired Pa Potter, eternally hopeful of some day making a million dollars, being played by W. C. Fields in his latest Paramount starring picture, "The Potters," at the Empress theatre Friday and Saturday.

The experiences of Universal in producing this picture prove that the manufacture of film stories is only for the companies which can afford the expense.

In the spring of 1925 Raymond Brock, general manager conceived the idea of producing a picture in the actual Canadian location. So he sent E. Richard Schayer and Donald Lee, staff scenario writers, Hoot Gibson, star, and Herbert Blache, director, to look the country over.

After two weeks of exploring the party returned to Universal City and the story was written. From this a script was prepared.

Forty-four persons, a half dozen trained horses, a car load of properties, two large motor-driven transportable generators for lighting, "scenes and wardrobe of anywhere from five to eight changes for the various members of the cast were passed upon.

Scenes were taken—run by a head cameraman and his assistants. Tens of thousands of feet of film were used, three assistant directors handled the detail. A score of Universal's famous ranch riders, a dozen electricians and property men as well as carpenters completed the little party which sojourned two months in various spots near Calgary. One location called for a 75 mile run in the morning and at night over rough, dust-covered roads.

When stampee week came in July, much of the picture, was shot in Calgary. After those trying scenes were secured the company returned to California happy that they had produced a picture showing Canada as it really is.

After the return the director spent several months editing the film, putting the scenes in order and inserting titles. While this was going on publicity writers were telling about what Blache expected to release and with the new season the picture was released in its completed form to prove that the virile type of picture is still the supreme drawing card.

Among the cast which made the

(Continued On Page Two.)

CANADIAN NATIONAL EXTENSION IN WEST

THE branch line programme of the Canadian National Railways was actively pursued in 1926, especially in Saskatchewan and Alberta, where a total of approximately 290 miles of new line was completed. The construction of this additional mileage will permit the company to add further im-

provements to its passenger and freight service; will shorten some of the routes, thus allowing for a lowering of operating costs, and has opened new territory to the homemaker. In the accompanying map the new branches are shown by heavy lines. The work in detail is as follows:

1.—Turtleford-Southeasterly. 42.2 miles. Open for traffic early this year.

2.—St. Paul-Southeasterly. 20.5 miles. Train service will probably be extended over this new section early in 1927.

3.—Warden-Hanna. 62.1 miles. Completed and regular mixed train service was established on this line effective October 22.

4.—Lerna-Westerly. 50.0 miles. It is expected train service will be in operation to Hemlock early this year.

5.—Acadia Valley. 24.6 miles. Completed and regular mixed train service became operative December 1st, between Alask and Acadia Valley.

6.—Eaton-Southeasterly. 34.7 miles. Expected to be in operation early in 1927.

7.—Dunblane-Southeasterly. 27.6 miles. This important extension was opened for regular traffic on November 22nd when through train service was established between Regina, Moose Jaw, Dunblane and Saskatoon.

8.—Willowbunch. 28.4 miles. Completed and through passenger train service established between Willowbunch, Radville and Avonlea effective November 22nd.

9.—Willowbunch. 28.4 miles. Completed and through passenger train service established between Willowbunch, Radville and Avonlea effective November 22nd.

10.—Willowbunch. 28.4 miles. Completed and through passenger train service established between Willowbunch, Radville and Avonlea effective November 22nd.

11.—Willowbunch. 28.4 miles. Completed and through passenger train service established between Willowbunch, Radville and Avonlea effective November 22nd.

12.—Willowbunch. 28.4 miles. Completed and through passenger train service established between Willowbunch, Radville and Avonlea effective November 22nd.

FINANCIAL CONQUEST

Sir John Ferguson, president of the British Institute of Bankers, told a London audience lately, says a cable despatch, that the financial penetration of Canada by American capital constitutes a serious situation that British financial houses must consider.

Last year, he pointed out, United States bought Canadian government and municipal bonds totalling \$175,000,000, while Great Britain bought only \$28,000,000.

American holdings in the Canadian Pacific Railway are now three times what they were 15 years ago, while British holdings have decreased from 65 per cent to 40 per cent.

Canada desires economic unity with United States because Canada and United States constitute a single natural trading unit. But Canada does not desire that unity at the expense of the severance of economic relations with Great Britain.

The greatest industrial opportunities in the world exist in this Dominion, particularly on the Pacific Coast. Britain should have the first chance of developing them. But, as Sir John Ferguson seems to be aware, if Britain fails to develop them, United States certainly will. And Canada cannot afford to wait forever.

WORLD AGRICULTURE ORGANIZED

The International Congress of Agriculture will meet in Rome at

for the first time! a vacuum cleaned crank case

McLaughlin-Buick's new Vacuum Ventilator ends crank-case dilution. It removes the moisture that ordinarily collects and destroys the lubricating effectiveness of your oil.

Now, you can leave your crankcase oil unchanged for three months, and for several thousand miles, without fear of engine injury.

There is not a single moving part in the McLaughlin-Buick Vacuum Ventilator. It functions automatically and requires absolutely no attention.

The 1927 McLaughlin-Buick is one of the greatest cars ever built. Greatest in performance—greatest in value. Come in and see it and drive it. There is no obligation!

H. H. YOUNG, AGENT,
MACLEOD, ALBERTA

The GREATEST McLAUGHLIN-BUICK EVER BUILT

WHEN BETTER AUTOMOBILES ARE BUILT, McLAUGHLIN-BUICK WILL BUILD THEM

the beginning of May, 1927, it is announced from Paris.

It is expected that more than 28 nations will send representatives to discuss various problems of interest to farmers.

One man that the President Marquis de Vogue should have at that congress is Aaron Sapiro, America's high priest of co-operative marketing.

For standing head and shoulders above all the problems agriculture must face the world over is the problem of marketing farm products. And of all methods ever proposed only co-operative marketing at point of consumption as opposed to individual selling at point of production, has ever stood the test of actual experience.

This world organization of agriculturists can do splendid work. But the place the farmer must begin to mend his fortunes is in the organization of his kind at home.

WRONG CLASSIFICATION

A Methodist negro exhorter shouted: "Come on up an' jine de army of de Lord!"

"Ise done jined," replied one of the congregation.

"What'd you jine?" asked the exhorter.

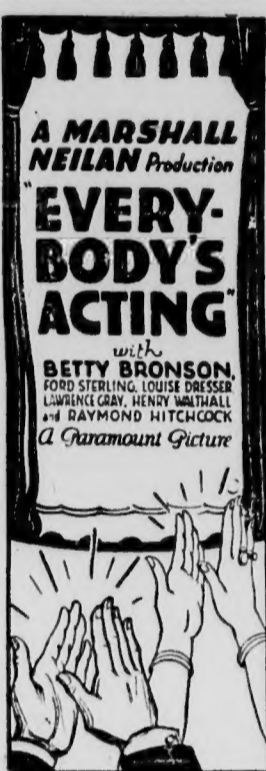

"In de Baptist church."

"Why, chile," said the exhorter, "you ain't in de army; you're in de navy!"

The adjective in "easy payments" doesn't refer to the collector's job, either.

Winter scene: Ten below zero. Twin beds. Just one occupied.

THE EMPRESS THEATRE CURRENT ATTRACTIONS

(Continued From Page One.)

1908. Behind the scenes in a stock company's theatre, a tragedy is enacted when the leading lady's husband murders her. After the man has been hung for his crime, four members of the troupe and a newspaper reporter adopt the orphaned infant daughter.

Eight years pass. The strange sextet are living in San Francisco and the little girl, adored by all five foster fathers is being trained for the stage.

Again the scene shifts. Doris, eighteen years old, is an ingenue with a San Francisco stock company. Her actor guardians are now members of the same troupe; the reporter, an editor. Doris meets Ted Potter, son of an enormously wealthy woman who objects to her son's association with an actress. How the latter uncovers the unpleasant details of the deaths of Doris' parents and how the ultimate consummation of her romances comes about, provide more than a few thrills and heart throbs.

Betty Bronson is superbly cast as the girl who grew up. For Sterling Henry Walthall, Raymond Hitchcock, Edward Marindel and Stuart Holmes all give interesting characterizations, as do Lawrence Gray

and Louise Dresser—the hero and a mother.

Advance reports call "Everybody's Acting" which will be at the Empress on Monday and Tuesday, a picture for any age or desire. Marshall Neilan's deft intermingling of comedy, romance and drama would seem to show that he has once more hit the bull!

GAINSBOROUGH AND "THE BLUE BOY"

The painting, "The Blue Boy," which inspired Arthur Maude's story in the Short Feature picture, "The Blue Boy," coming to the Empress Monday and Tuesday, is one of the most famous from the brush of Sir Thomas Gainsborough. Its chief charm lies in its effect of color. In choosing to paint a boy in blue, he reversed the usual custom of painting the figure in warm colors and placing the cool colors in the background. It shows the extensive study Gainsborough made in blues.

It has been said of him that his works are paintings of an artist who sings in color, and in this portrait, one can see the airiness, freshness and grace that have given him that name.

It is said that Gainsborough painted this masterpiece to refute the statement of Sir Joshua Reynolds that masses of light in a picture should be warm. He succeeded so

well that the argument has been settled for all time. The picture is a portrait of Master Buttall, who is represented in a graceful pose, holding a plumed hat in his right hand and a blue coat on his left arm.

Gainsborough was a great colorist and a master of tonalities. In a majority of his better works much blue is used. He was a lover and painter of beauty which no English artist has excelled him in expressing. His work surpasses even that of Reynolds in comparable grace and spontaneity.

Gainsborough was born in Sudbury, England, in 1727. He showed an early aptitude for drawing and was encouraged to cultivate the gift. He went to London to study drawing, engraving and painting before he was fifteen years old. In 1760, Gainsborough went to the fashionable town of Bath, where he painted many of his noted portraits. Returning to London in 1774 he was given many orders to paint portraits of members of the family of King George the Third.

NEW TECHNICOLOR FILM AT EMPRESS—GAINSBOROUGH'S "BLUE BOY"

"The Blue Boy," second Romance Production in natural colors, will be at the Empress Theatre Monday and Tuesday as a special added feature. This short feature pro-

duction unfolds the story of "The Blue Boy," subject of Sir Thomas Gainsborough's famous masterpiece. Remarkable color effects have been achieved in the picture as was the case in its predecessor, "The Vision," initial Romance Production.

Philippe De Lacy and John Roche are cast in the leading roles. Jane Thomas and Esther Rhoades have the principal supporting parts. Arthur Maude, director of "The Vision," directed this short feature.

MACLEOD ELKS INDUCT LODGE OFFICERS, 1927

The members of the B. P. O. Elks lodge turned out in full force Tuesday night for the annual installation of the officers for 1927. It was the largest muster of members ever seen in the lodge room since the lodge was instituted.

The installing officers were District Deputy Past Exalted Ruler Bro. Gray, Blairmore, assisted by Bro. R. McLeod, secretary Blairmore lodge No. 15. The new officers installed were: P.E.R., Joe T. Marks; E.R., Claude Tweed; L.K., Frank Walsh; Loyal Knight, H. V. Clarke; Lecturing Knight, R. Hamilton; Esquire, Stan. Bailey; Chaplain, Percy Longley; Inner guard, L.

After the installation ceremonies a pleasing ceremony took place in the presentation of Past Exalted Ruler jewels by the D.D.P.E. Ruler Bro. Gray, to P. E. Ruler, Bro. W. O. Hoodless and P. E. Ruler, Bro. J. T. Marks. After these ceremonies the initiation degree was conferred by the degree team, and thereafter the company sat down to a beautiful supper. A splendid musical program followed which kept the company going till the early hours of morning. All the members were of the one opinion that it was the best and most successful meeting the lodge has held since it was started.

WHAT'S IN A NAME?

\$100.00

FOR ONE WORD

A new name is wanted for this beer

The Silver Spray Brewery was acquired in March last, by the Calgary Brewing & Malting Co., Limited—the oldest brewery in Western Canada.

A new company is being incorporated and we want a new name for the Beer, a name that will make you remember when you purchase.

WE WANT A DISTINCTIVE NAME — SHORT, SNAPPY AND EASILY SAID.

The new Beer will be the true type of the standard Canadian Lager Beer, brewed with expert knowledge and thoroughly matured.

Think of a name. \$100.00 will be given to the one who suggests the winner. In case two or more contestants give the name chosen, the award will be divided.

ALL REPLIES TO BE IN BY **FEB. 12th**

No employee of the Silver Spray or Calgary Brewing Company are eligible to compete.

GRANUM WON FROM MACLEOD

Granum Hockey team wrested victory from the local team Wednesday night on the Macleod ice after a hotly contested, fast, clean game, with a score of 3-1. The ice was a little soft and a very strong wind was blowing in the early part of the game. On account of the wind it was decided to play four 15 minute periods. Carmichael of Granum assisted by Dawson first found the Macleod net in the first period, and early in the second period Dawson scored the second goal, quickly followed by Carmichael with the third winner. Macleod failed to find the net in both these periods, thanks to the splendid work of the Granum goalie, A. Carmichael, who stopped a number of well aimed shots by the Macleod boys. The same can be said of the Macleod goal keeper, Tex McDonald, who stopped many a good shot. Just before the close of the third period Macleod scored their only goal which was credited to Dean. The stars of the game were R. Carmichael and Bill McKenzie for Granum and Dean for Macleod. Bill McKenzie got laid out during

the last period, being hit by the puck. The only penalty in the whole game was given to one of the Granum players, which showed that the game was real hockey. The line up was, Granum: goal, A. Carmichael; defense, Boyle and Cole; forwards McKenzie, R. Carmichael and Dawson; subs Shapter, Kelly and Goff. Macleod: goal, Tex McDonald; defense, Hamilton and Si McDonald; forwards, Dean, O'Neil and Townsend; subs, Dillingham and Graham. Referee Frank Butler.

Does Six Weeks' Work In One

Joseph Girodat hauls his grain seventeen miles north into Gull Lake, Sask. He used to make three trips a week with his horses as that was all they could stand.

Now with his Ford Truck he easily makes four trips a day and can haul all the grain in one week that used to require six.

"When I think of the many times, returning home, I had to walk seventeen miles beside my grain wagon to keep from freezing, and compare it with my trips now in a comfortable

closed in cab, I would hate very much to ever resort to teams and wagons for hauling grain," says Mr. Girodat.

"I now eat all my meals at home, travel in comfort, and do my hauling for less money than previously. I get about seventeen miles to the gallon."

Ford trucks can be depended upon regardless of cold weather or icy roads. Many farmers have found with Mr. Girodat that "the whole thing sized up is comfort versus misery" in addition to more grain profit.

We will gladly prove to your satisfaction that the use of Ford equipment will save you time and money.

MACLEOD HOLDS CADILLAC

The Cadillac Cup remains in Macleod. Eight strong men and true came up from Lethbridge Wednesday night to try and wrest this curling trophy from the Macleod team who won it from Lethbridge last week.

The position of the Macleod rink was reversed last night. Stewart's rink, who won out at Lethbridge, was defeated tonight by Davidson's rink with a score of 21-18. At the end of the eighth end, half time, Stewart's rink led 13-9; the Lethbridge rink had chalked up a 6 at the second end, only making 3 more points during the first half, but in the second half they chalked up 12 more. Joe Marks' rink, which went down to defeat at Lethbridge, came out on top with a score of 17-11 against S. J. Shepherd's rink. At the end of the eighth end the score stood 11-4. Marks' rink got the lead from the start and kept it all through the game. The ice was not in very good shape, being heavy, and there had to be a good deal of slugging to get the rocks up, especially in the Shepherd's rink and Marks' competition, and on that account there was very little brilliant play in either games. The line up of the rinks were: Lethbridge—Inup, Bavin, S. Easton, J. J. Marnoch, S. J. Shepherd skip Macleod—J. Ridley, H. C. Winter, 2. R. Hamilton, 3. J. Marks skip. Lethbridge—Geo. Shirley, 1. M. Freeman, 2. Duff, 3. R. R. Davidson skip. Macleod—J. Ridley, 1. Dr. Kennedy, 2. J. B. Armstrong, 3. O. Stewart skip.

50th BATTALION C. E. F.

It will interest ex-members of the 50th Batt., C.E.F., to know that at a recent meeting of the Banquet Committee it was decided to hold the next Annual Banquet and Reunion on April 8th in the Hudson Bay Elizabethan Room, Calgary. Such functions have been extremely successful in past years but it is hoped to go still better on this coming occasion.

Old members of this famous fighting unit are cordially invited to be present, and are requested to get in touch with the Secretary, C. W. Morris, care of Canadian Legion, Calgary, so that if desirable personal arrangements for accommodation may be made.

Funny world! To require fitness in doctors, lawyers, etc., and do nothing about parents.

CANTONESE AND BRITISH BREAK NEGOTIATIONS

Hankow, Feb. 1.—Negotiations between the Cantonese and British here for a new modus vivendi to take the place of treaties now in effect between China and Great Britain were broken off today by Eugene Chen, Cantonese foreign minister.

The Cantonese foreign minister, who had been negotiating with Owen O'Malley, British charge d'affaires, refused to sign the agreement proposed by the British so long as armed forces of Great Britain are concentrating at Shanghai.

REACH & COMPANY, Ltd.

GENERAL MERCHANTS—DRY GOODS, LADIES' AND MEN'S UNDERWEAR, BOOTS AND SHOES, GROCERIES, VEGETABLES AND FRUITS.

DRY GOODS

We have some very special prices on Ladies Dresses, Coats, Gowns and Silk Sweaters (long). It will pay you to look at these Bargains. Even if you have to keep them a year or so they will still be cheap.

We have Winter, Summer and Fall Dresses at cost.

If you want any girl's or boy's Sweaters buy these now, and later on you can please them with better bought goods.

We have just received a small consignment of Jazz Sweaters. They are good looking and will please all. The quality is striking in silk, silk and wool effects.

There are still some mens Mackinaws, Sweaters, Pullovers and other men's styles. Save your money by buying cheap goods that have gone out of fashion, then when you want to marry you will have a nice little nest egg to start housekeeping on. A sensible girl will appreciate these saving qualities.

If you want to buy good tweeds to make up for the boys, buy our five dollar overcoats. You can rip these apart and have seven yards of the best Canadian tweeds. Save in these things, make up two or three pairs of pants for them. Our millionaires made their money this way.

We want to get rid of old goods so we can get goods for spring. We are always having Bargains in Children's, Misses, Women's and Men's Boots and Shoes.
